School Counseling Update

We are currently in the process of meeting with all 7th and 8th grade students to discuss the transition from middle school to high school. Each student will receive a handout with important areas to focus on during this time.

Essex North Shore Agricultural & Technical High School will be coming to Nettle School on **Wednesday, November 6th, 2019**. This school offers a specialized animal science, agricultural, and natural resources program. Any 8th grade student who is interested in attending their presentation and learning more about their high school can sign up in the Guidance **Office by Friday, November 1st**. Please contact Mrs. Crowley or Mrs. Mueller if you have any questions.
