

Dear Families,

As we end the first week of the school year 2020-2021, our school community would like to thank you for your patience and engagement as we reimagine school due to the ongoing pandemic. We are aware that there have been bumps in getting started and we are prepared to experience more as we work our way through this year together.

Some of the frustrations come from the anxiety created by the unknown. We are working to provide as clear and consistent information to you as possible. As many of you know we have been engaged in ongoing conversations with our teacher's union, they too are anxious and there has been a lot of ground to cover. These negotiations are nearing conclusion and we expect to be able to share a more consistent vision of expectations across classrooms and across schools with our families shortly.

In hopes of having your questions answered in the most effective way possible, please see below for a list of who to call under various circumstances. Please know that we are doing our very best to keep up with the high volume of calls coming into the school. Please continue to check your emails, voicemail, school website, and class dojo for updates throughout the year.

Welcome back Nettle Knights!
