Student Health

Assessing your student's health each morning is an important part of keeping everyone healthy. Below are some questions to ask each morning:

- Has your student shown any covid-related symptoms in the past 24 hours? For example: fever greater than 100 degrees Fahrenheit, cough, shortness of breath, loss of taste or smell, nausea, etc.
- Has your student been identified as a "close contact" of anyone diagnosed with covid-19?
- Has anyone in the household been asked to self-isolate or quarantine?
- Have you travelled recently?

For a list of symptoms and other health information please visit the HPS website at: <https://www.haverhill-ps.org/school-health-services/pandemic-guide-for-families/>

If you have any questions about your child's health please call the nurse, Barbara Otterson, at 978-374-5792.
