

Dear Parents,

We are excited to announce that our school has planned a field trip to Canobie on June 16th. In preparation for the trip, we would like to share some guidelines with you to ensure that all students are eligible to participate and enjoy this exciting outing.

From April 24th through June 16th, we expect all students to maintain good behavior and academic standing. This includes:

- No suspensions
- No more than two after-school detentions
- Referrals will be evaluated each week to determine the severity of the referrals.

Please note that these guidelines may be subject to change based on any new circumstances or changes in school policy.

We want to ensure that every student has the opportunity to participate in this fun-filled excursion, and we appreciate your support in helping us maintain a positive and safe environment leading up to the trip.

If you have any questions or concerns, please feel free to contact us at any time.

Sincerely,

John Valaskatgis
