All middle and high school students in Massachusetts are required to participate in a Student-Led Civics Action Project and complete the Six Stages of Action Civics. This event showcases the top projects from each middle school and Haverhill High School, and provides students with an opportunity to bring their issues to local stakeholders and decision-makers. The winning projects from this showcase will present at the Massachusetts State-Wide Civic Showcase!

If you are interested in judging projects, please email Meg DeLong
(mdelong@haverhill-ps.org) by Friday, May 5th.
